Royal Splendor – continued

### Instructions

- STEP 1: Using two-part Swarovski epoxy, glue all 12 Majestic Blue Swarovski Fancy stones, article 4320 14x10mm to the 45mm filigree wreath. Begin with one piece, then add the next piece with a very slight overlap on the first. Laying all twelve out on the filigree prior to gluing is very helpful. You can mark the filigree for the stone placement if you so desire. Set aside to dry.
- STEP 2: Using two-part Swarovski epoxy, glue all 6 Crystal Aurum Swarovski flatbacks, article 2303 14x9mm to the 22mm filigree named Trance. Place the points towards the center so that they are just touching. Set aside to dry.
- STEP 3: Using two-part Swarovski epoxy, glue 1 Crystal Aurum Swarovski flatback, article 2601 14x10mm in the center of the Juliana Bar filigree. Set aside to dry.
- STEP 4: Using the component made in step 3, turn the filigree to the wrong side and glue on 1 pin back. Set aside to dry.
- STEP 5: Using the component made in step 2, glue into the center of the Crystal Aurum flatbacks 1 Swarovski Chaton, article 1088 SS39. Set aside to dry.
- STEP 6: Prepare the Swarovski Ceralun dark sapphire clay according to the package instructions using about one fourth to one third of the package. Using the mixed piece, about the size of a pea, push the clay into the center of the front of the component made in step 1. Place the component made in step two (wrong side) on top of the component made in step 1 (right side). Gently push down on the clay keeping the Aurum filigree component centered. Set aside to cure.
- STEP 7: Using the component from step 6, turn it to the wrong side. Place a piece of clay about the size of three peas into the center of the wreath filigree. Using the 33mm snowflake filigree, push down on the clay. Set aside to cure.
- STEP 8: Attach one gold jump ring to one of the points of the wreath filigree. Move over five points in either direction and attached one gold jump ring to that point. This is the placement for the component created in step 3.
- STEP 9: Attach one more gold jump ring to each of the two jump rings added in step 8 times two. Each side should have three jump rings linked together.
- STEP 10: Using the last jump ring added, attach to the third hole from the end of the Juliana filigree. Repeat for the other side.

### Instructions

STEP 1: Cut chain into the following lengths:

- eight 1" pieces
- eight 1 ½" pieces
- one 2" piece
- one 28" piece

STEP 2: Using (1) 1" piece of chain from step one, attach (1) 8mm Golden Shadow Crystal Pendant, article 6430 with (1) round jump ring. Repeat x7.

STEP 3: Using (1) bead cap, attach each chain component made in step 2 with an oval jump ring. The finished bead cap will have 8 1" chain components dangling from its points. Set aside.

STEP 4: Using (1) 1.5" piece of chain from step one, attach (1) 10mm Golden Shadow Crystal Pendant, article 6430 with (1) round jump ring. Repeat x7.

STEP 5: Using (1) bead cap, attach each chain component made in step 3 with an oval jump ring. The finished bead cap will have 8 1.5" chain components dangling from its points. Set aside.

STEP 6: Using the 3" 20g wire, create a simple loop on one end. Attach (1) 2" piece of chain from the simple loop. Attach (1) 14mm Crystal Golden Shadow Pendant article 6430 from the opposite end of the chain using (1) round jump ring.

STEP 7: Using the component made in step 6, slip the open end of the wire through the component made in step 5 from the bottom up. Slip on (1) 5040 4mm bicone bead onto the open wire. Next, slip on the component made in step 3 from the bottom up. Adjust the points of this bead cap to sit between the points of the first bead cap added. Slip on (1) 8mm 5040 Crystal Golden Shadow bead, (1) 6mm 5040 Crystal Golden Shadow bead and (1) 4mm 5040 Crystal Golden Shadow bead. Wire wrap a loop at the top end. Be careful not to tighten down the wire too close to the last crystal or it may crack.

STEP 8: Slip the 28" chain through the wire-wrapped loop. Using two 4mm jump rings attach one ring to each end of the chain. Before closing one side, attach the lobster clasp.

This is an inspiration piece only. No instructions are included. Seed beads were used to enhance the natural beauty of the Vintage Rose fancy stone. The stone was captured with two rows of RAW and worked two rows of Peyote on each side. The completed piece was embellished with 3mm Crystal Iridescent Gray pearls. A very simple bead weaving capture, yet an elegant look. Try experimenting with various stitches and colors. Have fun!
