80" 0.5mm leather

9" 22 gauge wire

3 8mm jump rings

1 Lobster clasp

Instructions

- Step 1: Using the 22" 2mm leather piece, fold one end in ~1" creating a loop. Slip one 8mm closed jump ring onto the loop. Using 8" of 24g wire. Wrap from the inside of the loop to the edge of the short tail approximately 5-6 wraps, ending where you began. Nip the wire. Tuck the wire ends into the leather to secure.
- Step 2: Using the leather from step 1, fold the second end in ~1" creating a loop. Slip one 8mm closed jump ring onto the loop. Using 8" of 24g wire. Wrap from the inside of the loop to the edge of the short tail approximately 5-6 wraps, ending where you began. Nip the wire. Tuck the wire ends into the leather to secure. Attach the lobster clasp to one of the jump rings (closure complete).
- Step 3: Using the 0.5mm leather, cut 5 even pieces ~12" each. Holding all 5 pieces evenly, fold in half. Place the fold under the unit in the middle, created in step 2. Keeping all 10 tails together, slip the tails through the loop. Pull as tight as you can against the center of the 2mm leather. Using 8" of 24g wire, wrap the wire from the knot created towards the tails. Wrap approximately 5-6 times, ending where you began. Nip the wire. Tuck the wire ends into the leather to secure.
- Step 4: Using article's #5058, 5860 10mm, 5860 12mm and the 2 8mm Flora beads, attach each bead onto the 0.5mm leather by sliding it up the leather. Secure the bead in place by making an overhand knot. Tighten the knot and nip the tail if desired. Repeat for the other 9 beads, randomly placing them onto the leather.

Fancy Stone	4928	2 pcs	18mm	Crystal Copper	001 COP
Fancy Stone Finding	4928/C	2 pcs	18mm	Gold	

Supplies:

- 2 Add a Bead ear wires TierraCast® 90-3120-00
- 1 pc 10" x 1/2" Rust Leather strap TierraCast® 21-0010-03
- 2 1" Distressed End Bar TierraCast® 94-3172-25
- 20 3.7mm Eyelets TierraCast® 01-0080-09
- 4 4mm jump rings
- 4" small cable chain
- 2 part epoxy
- Alcohol wipes

Instructions

- Step 1: Clean the findings with wipes and let dry. Using the two-part epoxy, glue the fancy stones to the fancy stone findings. Set aside to dry.
- Step 2: Cut the leather strap into four equal pieces. Using one piece, slide the leather through one End bar with a 1" fold overlapping from the rear. Using the leather hole punch, punch two holes (one on top of the other, but not too close together). Using two sets of eyelets, attach to the leather one in each set of holes. This step will secure the leather to the end bar.
- Step 3: Cut the chain into two pieces. Using one jump ring, attach one piece of chain to the end bar. The chain is positioned between the two leather pieces.
- Step 4: Using one piece of leather from step 2, slide the leather through the remaining opening of the End bar with a 1" fold overlapping from the rear. Using the leather hole punch, punch two holes (one on top of the other, but not too close together). Using two sets of eyelets attach to the leather one in each set of holes. Note: match up the holes with the first side as best you can.
- Step 5: Cut each leather side at an angle towards the chain. See sample. Cut each leather side (up to the bottom of the eyelet) into three equal pieces. Punch a hole in the bottom of each piece, not too close to the end as this is for the eyelet placement. Attach one eyelet into each hole. Repeat on the opposite side.
- Step 6: If the chain is hanging below the leather, you may choose to trim it down. Attach one jump ring to the bottom of the chain and to the fancy stone finding from step 1.
- Step 7: Using one add-a-bead ear wire, slip on one 4mm 5328 crystal bead and create a simple loop. Attach the ear wire to the loop on the bar end.
- Step 8: Repeat steps 2 – 7 for the second earring of the pair.

- 2 1/2" Jardin Square Link TierraCast® 94-3204-40
- 2 4mm oval jump rings
- 4" 24 gauge wire
- 2 part epoxy
- Alcohol wipes

Instructions

- Step 1: Clean the findings with wipes and let dry. Using two-part epoxy, glue the two fancy stones into the fancy stone findings. Set aside. Note: make sure the glue is thoroughly dry before continuing with this finding.
- Step 2: Using 6" of 24g wire, wrap together the 1/2" and 5/8" Jardin Square link approximately 6-8 times ending the wire where you began. It is important to keep the links one on top of the other as you wrap so they remain flat. Nip the wire and tuck in to secure. Attach one 4mm oval jump ring to the 5/8" link and the fancy stone unit. Close jump
- Step 3: Attach one ear wire to the 1/2" link at the top of the earring.
- Step 4: Repeat steps 2 and 3 to complete the second half of the pair.

Supplies:

- 1 1/2" Flora Ring TierraCast® 94-3198-40
- 1 5/8" Jardin Charm TierraCast® 94-2498-40
- 4 6mm oval jump rings
- 1 1/2 whirl of memory wire
- 6# Fire line

Instructions

- Step 1: Using 6# fireline weave the crystal pearls, article 5810 into Cubic Right Angle Weave (CRAW). As show in the sample, the colors were alternated every other row. Weave to desired length. Note: once the woven piece is threaded onto the memory wire, it will shorten in length.
- Step 2: Create a simple loop onto one end of the memory wire. String the memory wire through one 5541 bead, the center of the CRAW strip, and one 5541 bead. Note: make sure the 5541's face in the opposite direction with the points facing the ends of the piece. Cut the other end of the memory wire leaving approximate 1/2" – 5/8" tail. Using this tail, create a simple loop to close the piece.
- Step 3: Attach one jump ring to the Flora ring and attach to one of the memory wire loops made in step 2.

Sew On Stones	3211	4 pcs	14x9mm	Crystal F	001
Beads	5045	31 pcs	4mm	Crystal	001

Supplies:

- 2 7mm Nugget Heishi beads TierraCast® 93-0436-40
- 2 Jardin Triangle Charm TierraCast® 94-2494-40
- 4 6mm oval jump rings
- 2 3mm clam shells
- 1 card Griffin silk thread size 6 or 8
- liquid cement

Instructions

- Step 1: Unwrap the silk thread. Note: you may choose to iron out the thread to reduce the creases.
- Step 2: Using the silk thread, string on 2 article 5045 crystal beads, 1 7mm nugget heishi, 28 article 5045 crystal beads, 1 7mm nugget heishi and 1 article 5045 crystal beads. Leaving ~10 inch tail, using the attached needle go through the first 5045 crystal bead added making sure the needle exits out the tail side of the crystal.
- Step 3: Adjust the piece to your desired length. The crystal bead that has both sides of thread coming out of it is your slide. You may adjust the length of the 'Y' with this bead ie. to shorten or lengthen the tails to your liking as you where the piece.
- Step 4: Using the cut end of the thread, slide on one clam shell. Create a double overhand knot that will rest in the bowl of the clam shell. Using liquid cement, add a drop onto the knot. Once it is thoroughly dry, nip the tail, gently close the bowl of the clam shell over the knot.
- Step 5: Double check the desired length of the piece. Now, cut off the excess thread. Save the thread, it can be used for another project. Repeat step 4.
- Step 6: Place 2 article 3211 sew-on-stones back to back. Using 2 jump rings attach the two sew-on-stones. Repeat for second side.
- Step 7: Using one of the units from step 6, loop the jump ring from one end to the clam shell loop, close the clam shell loop. Repeat for the second side.
- Step 8: Open the bottom jump ring on the sew-on-stone and attach one Jardin triangle charm. Repeat for the second side.
